BeneCare™ Cork Splints

Offers an innovative alternative ready to use splinting system, which is easy, fast and clean to use for a range of indications.

The UFS System is an innovative, universal, ready to use splinting system made out of cork which is also the better substitute for Plaster of Paris (P.O.P). As the system is an easy to use, fast and clean product with a high level of patient comfort it is a very suitable immobilisation product for both the A+E Department and the Fracture Clinic.
